# WELCOME TO *TwelveTrees Park*

## *Evergreen Point*

Evergreen Point is the first building to launch at TwelveTrees Park and comprises of studios, 1, 2 and 3 bedroom apartments, all individually designed to meet the high Berkeley quality standards.

TwelveTrees Park is an exciting new development in the heart of up-and-coming residential East London. Fresh and modern, this new neighbourhood is just minutes from the City, Canary Wharf, Stratford and the West End – perfectly placed for business, employment, universities, schools, shopping and entertainment.

Everything about TwelveTrees Park is dedicated to the connectedness and wellbeing of residents. Beautiful landscaped gardens and open parkland occupy over half the site, for everyone to enjoy. With buzzing cafés, bars and restaurants, and the hub – the community building – at the centre, there is always something to do and a place to meet.

Welcome to your connected life.

# LIVE LIFE *Connected*

## Transport

Five rail and tube lines connect TwelveTrees Park to all points across the Capital, making it one of the most accessible areas of London. With a choice of stations, connections to work and leisure are super quick and convenient. Stratford, Canary Wharf and London City Airport are all under 5 stops away.

## Nature

It's rare to find open green spaces so close to the city. TwelveTrees Park is different. After a busy day's work or study, this is where you can unwind in 12 acres of landscaped grounds and courtyard gardens. Native tree species and specially-created wildlife habitats make this a very special place to be at one with nature.

## Technology

Technology is the very essence of connectedness. A 4.5 acre WiFi-enabled linear park runs through the development, ensuring that you never lose touch with your contacts even when you're out and about. A dedicated residents' business lounge is perfect for group meetings and/or private study.

## Community

Community is the driving force behind the transformation of TwelveTrees Park. With attractive parks and gardens, and lively cafés and restaurants, there is always somewhere to make friends and meet neighbours. The new Science School offers after-hours events and classes for everyone, while the community hub is the focal point for a huge range of activities.

## CONNECTED *to the community*

Our vision is to create a real community at TwelveTrees Park. Building homes is important to us but the spaces in-between are where community is created and encouraged to flourish.

# CONNECTED *to nature*

The impressive architecture of TwelveTrees Park surrounds more than 12 acres of landscaped park and intimate gardens.

## Evergreen Point

The first phase of this exciting development, Evergreen Point offers a stunning collection of contemporary studio, 1, 2 and 3 bedroom apartments and penthouses, with high specification luxury interiors, designed by Johnson Ribolla. Set right in the dynamic heart of TwelveTrees Park, next to the hub, the building is perfectly placed for West Ham station and access to all that London has to offer.

# DESIGNED WITH PARKS *and open spaces at the heart*

The transformation of this part of the city into 12 acres of green open space, gardens and ecological habitats which bring residents closer to nature is one of the most exciting aspects of the development.

# NATURE *in the city*

## The aspiration for a truly unique green space

TwelveTrees Park celebrates the heritage and distinctive character of the area. Taking the site's context, history and culture as our reference points, we have created open spaces that frame views of local landmarks and introduced play areas with structures that reflect local history.

Beautiful, sustainable water features glitter among the green hedges and flower beds, while 'urban pioneer' plant species have been strategically placed to establish new ecosystems around the park.

### Park features

The large-scale areas of the park – the Piazza, Central Square and Viewing Steps – are destination spaces open to the whole community. The smaller community gardens offer residents flexible space for activities from gardening to education to group meetings and parties.

*“TwelveTrees Park will be an amazing place to call home with a world-class park at your doorstep. We are making space for nature to return to this significant site on the Lea Valley, creating a unique destination for both people and wildlife.”*

James Lord - Partner, HTA Landscape Design

# LANDSCAPING *that brings the outdoors to life*

A stroll around TwelveTrees Park is an adventure. Follow the line of trees that form the spine of the park, along winding pathways past undulating lawns, flower beds and cooling water features, through woodland, an orchard and a sensory garden. Sit for a while on a shaded bench, or head to the games area for some vigorous fresh-air activity.

## 01

In Central Square, low-level flower beds and amazing sculptures frame a wide paved area where you will find seasonal markets, coffee stalls and street food vendors.

## 02

The most dramatic views across the park are from the Viewing Terrace – banked seating steps, softened by well-chosen planting and cascading water, that rise above the Piazza.

## 03

The Piazza is the focal point of community activities – such as festivals and film screenings. Waterjets that rise from granite paving form an exciting centrepiece.

## 04

Two double rows of trees line the lawns of TwelveTrees Park, where extensive sports and games areas provide play opportunities for all.

## 05

The Science Garden is a playful and educational area, where eight discrete spaces each focus on the natural world – from DNA and molecular structures to an outdoor lab and physics garden.

## Thoughtful design for today's connected lives

The design concept for TwelveTrees Park is contemporary, attractive buildings positioned thoughtfully within the park so that residents can fully engage with their living environment. The apartments are designed for maximum convenience where all you need is easily at hand. Light-filled rooms, neat storage solutions and quality finish make these homes a pleasure to live in.

# INSPIRED INTERIOR *design*

*“A liveable interior makes life better. We believe these interiors should be able to age gracefully and to be enjoyed by everyone who lives there.”*

Giacomo Ribolla, Director of Johnson Ribolla

## Modern, fresh interiors

Elegant and minimalist interiors at TwelveTrees Park are designed and crafted from enduring materials that will age beautifully. Engineered flooring; porcelain tiles; kitchen units in subtle, timeless colours; contemporary taps and sanitaryware. All finished to Berkeley's high standard of quality and attention to detail.

### Specification

- 1./ Inspired by nature, engineered flooring brings warmth to the interiors.
- 2./ Soft tones of grey, ecru and white create a calming environment.
- 3./ A choice of four unique and modern colour palettes to chose from.

# YOUR CHOICE *of finishes*

Stylishly smart. Cool and calming. Fresh and dynamic. Your choice of interiors at TwelveTrees Park allows you to create a look of understated elegance, tailored to your individual tastes.

## Maple

On-trend shades of fumed oak and grey-white kitchen cabinets complement the white washed oak floor and veined quartz splashback. Bathrooms feature stand-out contrasting dark and light porcelain tiles and black metal feature lights.

## Birch

Veined quartz worktops, cupboard doors in grey-white finish, and concealed lighting make the kitchen a warm, inviting space. Bathrooms feature stone-effect tiles to walls and floors, circular wall lights and contemporary brassware.

## Sage

Lighter tones of sage and off-white are paired with stainless chrome feature handles. Bathrooms are finished with handmade-effect ceramic wall tiles over the vanity unit and feature a convenient recessed niche in the bath area.

## Juniper

Kitchens feature bright white walls with navy blue cabinets and white washed oak laminate floor. Bathrooms are wholly contemporary with handmade-effect ceramic tiles and black brassware.

# THE BERKELEY *difference*

The Berkeley Group is a business built on 40 years of excellence and we focus all our efforts on creating exceptional places to enjoy life. As you wander through TwelveTrees Park and step inside your front door, you will see the care and attention we have taken in making this a place you can call home.

## Exceptional Customer Service

As a first-class business, we place the highest priority on customer service and will help and support you throughout the buying process and beyond. Our levels of customer service exceed that of other premium brands, recently receiving a Gold Award by Investor in Customers.

## Attention to Detail

With 40 years of experience, our expertise shines through in everything we do. From bespoke mirrors in the bathrooms to selecting the style of the kitchen cabinets and handles, our attention to detail is where we make a difference.

## 10-Year Warranty

For your peace of mind, our homes benefit from a 10-Year third party guarantee. This is complemented by a warranty from Berkeley for the first two years and a dedicated Customer Service Team on hand.

## High Specification

When you buy a new home from Berkeley you can be safe in the knowledge that it is built to very high standards of design and quality and has low environmental impact. We meet specific space standards for new homes and aim to deliver a home which has fibre broadband infrastructure.

## Award Winning

With a richly deserved reputation, the Berkeley Group has won a number of prestigious awards including the UK's highest accolade for business success – The Queen's Award for Enterprise for Sustainable Developments – and the WhatHouse? Award for Housebuilder of the Year 2017.

## Sustainability

Our homes are designed for the future and include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods to create a more sustainable, eco-friendly way of life for you and the environment.

# BUILDING EXCEPTIONAL *places for people to live*

We have considerable experience in transforming neglected pieces of land into thriving new communities, and TwelveTrees Park is set to become the next incredible transformation.

## Kidbrooke Village

Formerly a run-down estate in Greenwich, Kidbrooke Village is now a thriving community where people feel proud to belong. High quality new homes are set around 50 acres of parkland and open space, with playgrounds and landscaped gardens for everyone to enjoy. The infrastructure includes shops, schools and businesses providing employment opportunities.

## Royal Arsenal Riverside

Royal Arsenal Riverside is one of London's greatest regeneration stories, a 20-year project that has transformed a historic, but derelict, armaments site into a beautiful riverside neighbourhood with 12 acres of public parkland. Around 7,000 people now live here, in a vibrant community with its own creative district, shops, restaurants and cafés.

93% plan to remain a resident of Woodberry Down neighbourhood for a number of years.

98% overall, are satisfied with the local area as a place to live.

## Woodberry Down

This former post-war council estate is now a beautiful waterside neighbourhood where 5,500 new homes are surrounded by nature, yet are just 20 minutes from the City. Alongside a wetland reserve and sailing lake, amenities include secondary and primary schools and a youth centre, as well as commercial facilities for local businesses.

# DESIGNED *for life*

At Berkeley, we are committed to creating great places where people love to live, work and relax. Where the homes are light-filled, adaptable and finished to very high standards. Where carefully planned public areas enhance wellbeing and quality of life for residents and visitors. Where people feel a sense of community.

## Customers drive all our decisions

We achieve that by putting our customers at the heart of everything we do. First, we strive to understand what our customers want and need – well-built homes, in a pleasant and safe neighbourhood, with plenty of amenities and good transport connections. Then we apply that understanding to all our planning and design decisions.

And for every new development, we challenge ourselves to go further, to improve and innovate, ensuring we satisfy the real needs of our customers in inspiring and sustainable ways.

## Choice and diversity

No two Berkeley customers are the same, so we aim to offer a wide choice of property location, size and type. From central London to major towns and cities; from market towns to rural villages, countryside to the coast – we build in locations our customers love. And whatever home you are looking for, whether that's a city penthouse, a modern studio apartment or traditional family home, you will find the perfect fit for your lifestyle.

## Quality first to last

Quality is the defining characteristic of Berkeley developments, right down to the very last detail. We choose our locations, style of homes, construction practices, materials and specifications with great care. When you buy a new home from Berkeley you can be safe in the knowledge that it is built to high standards of design and quality, has low environmental impact and that you will receive a professional, efficient and helpful service from us. For extra peace of mind, all new properties come with a 10-year build warranty.

## Green living

For Berkeley, sustainability isn't simply the latest buzzword. We are committed to creating a better environment within our developments and in the areas that surround them. That's why we build on brownfield sites whenever we can, bringing new life to disused and unloved spaces. We take care to protect the natural environment and enhance biodiversity.

All our homes are designed to reduce water and energy consumption, and to enable residents to recycle waste.

## Commitment to the future

Our homes are designed for the future and include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy efficient white goods to create a more sustainable, eco-friendly way of life for you and the environment.

# SUSTAINABILITY

This is how we are ensuring sustainability at TwelveTrees Park..

## People, planet, prosperity

Sustainability is fundamental to Berkeley's ethos. In simple terms, we want to ensure the long-term health, wellbeing and prosperity of people and the planet. There are a range of ways we are managing and minimising the environmental impact of our operations and delivery of homes and communities. These are the initiatives we have implemented at TwelveTrees Park.

## Nature and biodiversity

Parkland, trees, flowers, green roofs, ponds, hedges, gardens – these are the fundamentals of a thriving natural environment that can be enjoyed by everyone, even in the heart of the city. They are all part of our commitment to net biodiversity gain on our developments. Within and around TwelveTrees Park, we have created natural habitats that encourage wildlife to flourish. We are working with HTA Architects to engage residents in the natural landscapes that we have created.

## Waste and recycling

We actively encourage all residents to reduce their waste wherever possible. In addition to external recycling bins, we provide integrated recycling bins in kitchens to make it easier to separate and recycle waste.

## Water efficiency

Our homes are designed to high water efficiency standards and are fitted with dual flush WCs, and low-flow taps and showerheads which use less water without compromising convenience and comfort. We also suggest simple steps to reduce water consumption, such as not leaving taps running unnecessarily

## Energy efficiency

Efficient use of electricity and gas helps lower fuel bills and reduces carbon emissions. Our homes have been designed to use less energy than a standard home. They have enhanced levels of thermal insulation and air-tightness, and have been fitted with mechanical ventilation units with heat recovery (MVHR). All lighting is low energy and kitchen appliances are A++/A+/A rated.

## Noise reduction

We can't eliminate noise, but we consider the impact of noise in the design of our homes. We consider external noise, such as from nearby roads, and internal noise including the transfer between rooms and floors. We incorporate measures to reduce the different types of noise wherever possible to create a quieter environment.

## Clean air

It is hard to avoid polluted air, particularly in our cities. Throughout TwelveTrees Park we have planted trees, shrubs and flower beds to help create

a cleaner air environment. Within our homes we may provide mechanical ventilation to filter the internal air.

## Sustainable transport

Five major transport lines serving West Ham.

We also provide cycle paths, secure cycle parks and car charging points to encourage the use of sustainable methods of transport, to help reduce air pollution around the development and the wider area. These active methods of transport also help encourage healthier lifestyles.

## Stewardship

Maintaining our communal open spaces and facilities in perpetuity is an important benefit to the whole community. We work with managing agents and residents to ensure that the development remains in pristine condition encourage healthier lifestyles.

## Future-proof design

From the early stages of design, we assess how our homes will stand up to the future effects of climate change, such as how they will be affected by higher summer temperatures, periods of drought, or more extreme rainfall. We are constantly researching how we can ensure that our homes and developments are more resilient to these extremes to understand what new innovative technologies we should use in our future designs.
