T/W

X1 Trafford Waters is an exciting and visionary new development, designed to set a new benchmark for modern living in Manchester.

INTRODUCTION

This iconic collection of one- and two-bedroom apartments offers not only stylish and comfortable living but also an outstanding investment opportunity.

Situated in a thriving part of the city, X1 Trafford Waters benefits from excellent transport links, local amenities, and the bustling energy of an area undergoing rapid regeneration, making it an attractive proposition for investors eyeing growth opportunities.

Building on the success of its landmark projects at MediaCity UK, X1 continues its impressive expansion by delivering high-quality developments in strategic locations across the North West of England.

INVEST IN X1 TRAFFORD WATERS

Trafford Waters, a brand-new neighbourhood located in the heart of Trafford City is set to redefine urban living through one of the North's most exciting transformation masterplans

The average monthly rent in Trafford has reached £1,278, marking a 13.4% increase over the past year. This growth surpasses the rest of the North West. With multi-billion-pound regeneration projects underway in Trafford City, rents are anticipated to rise further over the next decade.

As the cornerstone of Trafford Waters, this new development takes its name from the neighbourhood, ensuring it's at the centre of everything that's set to develop around it and delivers a strong proposition for investors.

Following Salford's ongoing transformation through the multi-million-pound MediaCity project, Trafford is also undergoing significant regeneration, emphasising the expansion of Trafford Park and the development of Trafford Waters.

CITY GATEWAY

The City Gateway serves as a vital strategic corridor extending westward from Manchester along the A57. It links key destinations such as the Port of Salford and City Airport with Trafford Waters, and TraffordCity. With the improved Trafford Park Metrolink tram line, it also provides seamless connectivity to MediaCityUK, Manchester Waters, and the city centre's core.

PORT SALFORD

The UK's first inland trimodal distribution facility in Salford which is accessible by ship, road and rail. The £138m project includes a distribution park, container terminal and an inland port and is being developed further to accommodate 5 million sq ft of logistical floor space.
